Technical Stakeholder Working Group Meeting Sulfur Hexafluoride (SF₆) Emission Reductions from the Electricity Sector and Particle Accelerators

Topic and Purpose

The California Air Resources Board (ARB) staff invites you to participate in a technical stakeholder working group meeting to discuss a draft regulation proposal for reducing sulfur hexafluoride (SF₆) emissions from the electricity sector and particle accelerators.

At the meeting, ARB staff will present a brief update and draft regulation text followed by an open forum to discuss these items as well as alternative strategies. Staff will use information gathered through this process to refine the proposed regulatory language and supporting documentation. These regulations are currently scheduled to be heard by the Air Resources Board at its December 2009 meeting.
